

October 31, 2019

Good Morning Kim,

Thank you for the call regarding my question concerning ground water contamination in OCNB

I have been employed with Will-Mann over 44 years.  
To the best of my knowledge we have never used or stored any of the subject chemicals on this site.

If you have any questions, please contact me.

Thank you,

A handwritten signature in black ink, appearing to read 'Jeff Reinhardt', with a long horizontal flourish extending to the right.
